TITLE:
Riverina District Disaster Plan (Displan)

AUTHORITY:
The Riverina District Disaster Plan (Displan) has been prepared by the Riverina District Emergency Management Committee in compliance with the State Emergency and Rescue Management Act, 1989 (as amended).

REPRINT APPROVED

........................................................
Supt Steve Nicholas – Deputy DEOCON
Chairperson
Riverina District Emergency Management Committee.
Dated: 19 October 2004

ENDORSED

....................................................... *(B.W. Howard)*
Chairperson
NSW State Emergency Management Committee
Dated:

PART 1
INTRODUCTION

PURPOSE

101 This Plan details arrangements for:

a. Identifying prevention and mitigation strategies for natural and manmade disasters;
b. Coordinating District level support to Local level combat agency managed operations, and emergency operations;
c. Controlling emergency operations at District level where control cannot be effected at Local level;
d. If necessary, controlling emergency operations where the emergency extends across more than one local area; and
e. Providing assistance to other Districts either on a pre-planned basis or as directed by SEOCON.

OBJECTIVES

101 The objectives of this plan are to:

a. Detail responsibilities for the identification, development and implementation of prevention and mitigation strategies;
b. Define Agency & Functional Area roles and responsibilities in preparation for, response to and recovery from emergencies;
c. Set out the control, coordination and liaison arrangements at District and Local level;
d. Detail activation and alerting arrangements for involved agencies;
e. Detail arrangements for the acquisition and coordination of resources;
f. Detail public warning systems and responsibility for implementation;
g. Detail public information arrangements and public education responsibilities;
h. Detail arrangements for the review, testing, evaluation and maintenance of this plan; and
i. Detail reporting and information flow arrangements.

SCOPE

102 The plan describes the arrangements at District level to effectively and efficiently prevent, prepare for, respond to and recover from emergencies and also provides policy direction for the preparation of Local Displans and District and Local Supporting Plans.

PLANNING ASSUMPTIONS

103 Arrangements detailed in this plan are based on the assumption that the resources upon which the plan relies are available when required.

104 The effectiveness of arrangements detailed in this plan are dependant upon all involved agencies preparing, testing and maintaining appropriate internal instructions and standing operating procedures.
PRINCIPLES

105 The following principles are applied in this plan:

a Responsibility for preparation, response and recovery rests initially at Local level. If Local agencies and available resources cannot cope they are augmented by those at District level. If necessary, resources and support, coordinated from the State, and/or resources provided from the Commonwealth and other States and Territories may be used.

b Control / coordination of emergency response and recovery operations is conducted at the lowest effective level.

c Agencies may deploy additional resources from their own agency from outside the affected Local area or District to meet the requirements of the designated Combat Agency or Emergency Operations Controller.

d During an operation which is the legal responsibility of a combat agency, the Emergency Operations Controller is responsible, when so requested by that combat agency, to coordinate the provision of support. The Emergency Operations Controller is responsive to the requirements of the Controller of the combat agency. An Emergency Operations Controller would not normally assume control from the combat agency unless the situation can no longer be contained and a change of control is likely to improve matters. In any case, a change of control at any level can only occur after consultation between SEOCON and the State Controller of the combat agency, and agreement from the latter, or at the direction of the Minister.

e During an operation which is the legal responsibility of a combat agency, the Combat Agency Controller is required to keep the Emergency Operations Controllers advised of the situation.

f In the event that an Emergency Operations Controller has assumed control of an operation which would normally be the responsibility of a combat agency, control should be passed back to the combat agency as soon as the situation is stabilised and when change of control will not adversely affect operations.

g Emergency preparation, response and recovery operations should be conducted with all agencies carrying out their normal functions wherever possible.

h Prevention measures remain the responsibility of authorities / agencies charged by statute with the responsibility.

ARRANGEMENTS DURING BUSHFIRE EMERGENCIES

106 Under the provisions of the Rural Fires Act, 1997, a “bush fire emergency” may be declared and a person appointed to take charge of fire fighting operations and fire prevention measures by the Commissioner, under the provisions of Section 44 of the Act, as the “Commissioner’s delegate”.

107 The appropriate Emergency Operations Controller is to be prepared to coordinate support resources if requested by the “Commissioners delegate”.

ARRANGEMENTS DURING FLOODS AND STORM / TEMPEST EMERGENCIES

Subject to the requirements and provisions of the SERM Act, and under the provisions of the SES Act, for the emergencies of flood and damage control for storms and tempest, including the coordination of evacuation and welfare of affected communities, the overall control of operations in response to these emergencies is vested in the Director General of the State Emergency Service.

In both flood, and storm / tempest emergencies, Emergency Services, Functional Areas and other agencies are to be prepared to provide support, and the Local or District Emergency Operations Controller is to be prepared to coordinate support if requested by the appointed Local / Division State Emergency Service Controller.

SECURITY OF INFORMATION

Displans, Sub Plans and Supporting Plans are public documents. However, they are not to contain contact details or locations of operations centres, evacuation centres or recovery centres, unless these details are essential to the effectiveness of the plan.

Contact Details are to be maintained separately.

REVIEW OF LOCAL AND DISTRICT PLANS

Displans and Sub Plans must be formally reviewed no less frequently than every five (5) years and review of relevant aspects are to be carried out following emergencies or changes of legislation.

Supporting plans must also be reviewed at least every five (5) years, but may be reviewed more frequently at the direction of the Functional Area Coordinator.

AREA COVERED

The Riverina Emergency Management District encompasses the following local government areas with area and population referenced: NSW Dept Local Govt Website as at June 2005.

District Total          Sq Km 64,242  Population 136,633
A map of the District is shown at Annex 'D'.

The emergency management Districts adjoining the Riverina District are:

a. Central West (to the North)
b. Murray (to the South and West)
c. Southern Highlands (to the East)
d. Far West (to the North West)

TRANSPORT ROUTES

The main transport routes (orientation in brackets) through the District are:

a. ROAD
   - Cobb Highway (North/South)
   - Hume Highway (North/South)
   - Kidman Way (North/South)
   - Midwestern Highway (East/West)
   - Newell Highway (North South)
   - Olympic Highway (North/South)
   - Sturt Highway (East/West)

b. RAIL
   - Albury/Sydney Rail Line - Main Line (North/South)
     (Standard Gauge track, non-electrified)
   - Parkes/Broken Hill - Main Line (Carrathool Shire) (East/West)
   - Junee/Narrandera Rail Line (East/West)
   - Temora/Griffith Rail Line (East/West)

WATERWAYS / WATER STORAGE

The main bodies of water in the District are:

a. RIVERS
   - Lachlan River (North/South)
   - Murrumbidgee River (East/West)

b. WATER STORAGE
   - Bethungra Dam

AIRPORTS

The main airports and airfields located (ref: ERSA) within the District are:

<table>

PART 2
PREVENTION

RESPONSIBILITIES AND STRATEGIES

201 Local and District Emergency Management Committees are responsible, using a risk management process, to identify prevention or mitigation options, to refer these options and recommendations to the appropriate agency, and to monitor the outcomes.

202 Responsibility for the development and implementation of prevention and mitigation strategies rests with the agencies, organisations and/or committees detailed below and is not subject to Displan arrangements. Strategies implemented are also listed.

PART 3
PLANNING & PREPARATION

EMERGENCY MANAGEMENT PLANNING

EMERGENCY RISK MANAGEMENT PROCESS

301 The State Emergency Management Committee requires Local Emergency Management Committees to conduct emergency risk management studies and reviews that identify, analyse, evaluate and treat community risks. The outputs and outcomes of this process are to form the basis for all emergency management plans developed, reviewed and updated by Local Emergency Management Committees.

RISK IDENTIFICATION, ANALYSIS, EVALUATION AND TREATMENT

302 Only those risks which may require a significant and coordinated multi agency response are processed by Local Emergency Management Committees. The risks satisfying the criteria are to be detailed in Local Displans.

COMMUNITY VULNERABILITY

303 The Emergency Risk Management Process is to identify those groups within the community likely to require special attention in relation to the impact of a source of risk. These groups may include Nursing Homes, Hospitals, Retired Persons Accommodation, Schools, Pre schools, Special Schools, Sheltered Workshops and those parts of the community located in areas affected by sources of risk.

304 Details of those elements and/or parts of the community that are at risk are to be outlined in Local Displans.

DISTRICT PLANNING STRUCTURE

DISTRICT EMERGENCY MANAGEMENT COMMITTEE

305 The District Emergency Management Committee (DEMC), chaired by the District Emergency Operations Controller (DEOCON) and with the executive support of the District Emergency Management Officer (DEMO) is responsible to:

a develop and maintain a District Disaster Plan (Displan); and

b identify the need for supporting plans and sub plans related to functions, specific hazards and emergencies within the District.

306 By agreement the District Emergency Management Committee (DEMC) has the following mission and functions:

Mission:

To develop, maintain and coordinate comprehensive all agency emergency management arrangements for the community within the District and provide advice and assistance to Local Emergency Management Committees.

Functions:

a To prepare, maintain and review the District Disaster Plan (Displan);

b Review District Supporting Plans and Sub Plans and Local Disaster Plans;

c To identify, evaluate and monitor hazards and threats to life and property within the District, and where appropriate recommend specific hazard management guidelines;
To establish and review appropriate emergency management structures at Local and District level;

To identify resources within the District and make plans for the allocation and coordination of those resources during incidents and emergencies;

To establish and review systems for use in the control and coordination of emergency operations at District and Local levels;

To review and recommend emergency management arrangements to the State Emergency Management Committee;

To provide advice on the combination of local government areas for emergency management purposes to the State Emergency Management Committee;

To establish and maintain communication networks between Agencies & Functional Areas within the District, including an up to date contact directory;

To arrange emergency management training for individuals and groups in Agencies & Functional Areas within the District;

To disseminate educational material on established emergency management policies and procedures within the District;

To arrange the conduct of exercises to periodically test emergency management plans and procedures;

To produce standing orders, instructions and standing operating procedures relative to District emergency management plans and arrangements;

To arrange for graduated warnings of emergencies to the public;

To assist the State Emergency Management Committee and District Emergency Operations Controller as required;

To establish and coordinate functional area and other sub committees as required within the District, and

To monitor the implementation of emergency risk management by Local Emergency Management Committees and provide advice and assistance as necessary.

SUPPORTING PLANS

Supporting Plans describe the arrangements for the provision of support to the controlling or coordinating body by Functional Areas during operations. The development and maintenance of these plans is the responsibility of the respective Functional Area Coordinator.

Supporting plans to this Displan are listed in Annex “E”.

SUB PLANS

Sub Plans describe the arrangements necessary to deal with a specific hazard / source of risk, event or facility, where those arrangements are outside the scope of those in Displan. Responsibility for development of sub plans rests with the combat agency responsible for the hazard / source of risk or event or the owner / operator of the facility.

Sub plans of this Displan are listed in Annex “E”.
ARRANGEMENTS FOR REVIEWING, TESTING, EVALUATING AND MAINTAINING THIS PLAN

311 Responsibility for reviewing, testing, evaluating and maintaining this plan rests with the Riverina District Emergency Management Committee.

312 The plan should be reviewed:
   a After each exercise or actual operation;
   b In the event that deficiencies are identified;
   c As roles & responsibilities of agencies change;
   d In the event of legislative changes; or
   e At least every five (5) years.

313 The frequency and method of testing and evaluation are determined by the DEMC.

LOCAL LEVEL PLANNING STRUCTURE

LOCAL EMERGENCY MANAGEMENT COMMITTEES

314 Local Emergency Management Committees are chaired by a senior representative of the local council with executive support provided by the Local Emergency Management Officer (LEMO).

315 The committees are subject to the direction of the District Emergency Management Committee and are responsible to develop and maintain a Local Disaster Plan (Displan) and Sub Plans relating to specific hazards or emergencies. Supporting Plans for Functional Areas are to be developed and maintained by the relevant Functional Area Coordinator if they are required.

316 The mission and functions of Local Emergency Management Committees are to reflect those of the DEMC, as detailed earlier in this plan.

LOCAL Displans

317 Local Displans are to recognise and reflect:
   a the roles detailed in this Plan for each Agency & Functional Area.
   b the Combat Agencies designated in this Plan.
   e. the response arrangements, stages, sequence of actions and coordination and recovery arrangements detailed in this Plan.

318 Local Displans are also to include arrangements for handover of responsibility for emergency response and recovery operations between a Combat Agency and the Local Emergency Operations Controller, and from the LEOCON to the DEOCON

RESOURCE AND CONTACT DIRECTORIES

319 Each Agency & Functional Area is to develop and maintain up to date resource and contact directories, relevant to their operational responsibilities and requirements.
WARNING ARRANGEMENTS

320 LEOCONs and the relevant District Agency controllers are to advise the DEOCON whenever an event occurs which does or may:

a require support at either a Local or District level; or

b escalate to a Local or District level emergency operation.

321 The DEOCON notifies the State Emergency Operations Centre (SEOC) and DEOCONs from adjoining Districts of the potential and developing situation.

322 Agencies & Functional Areas, wherever possible, are warned and placed on stand by. These organisations must be prepared to respond a Liaison Officer to the District or Local Emergency Operations Centre when requested to do so.

323 Public warnings may be communicated, by the responsible agency, to the wider community through the following electronic media:

Note: Where electrical infrastructure failure precludes the use electronic media other methods for communicating public warnings will need to be utilised.

324 If time permits, emergency and evacuation warnings are to be delivered by appropriate personnel using a door knock operation and/or mobile public address system.

325 Responsibilities for providing warnings to the community, the DEOCON, Agencies & Functional Areas and other agencies in relation to the District’s hazards or threats are detailed below.

STANDARD EMERGENCY WARNING SIGNAL (SEWS)

326 The broadcast of safety information to the public in an emergency will enable the community to take appropriate actions to protect life and property. The Standard Emergency Warning Signal is a nationally adopted distinctive sound which may be broadcast over radio or television immediately before an urgent public safety message to alert the public to messages about things they can do to reduce potential loss of life or damage to property.

327 The signal is only to be used to warn the community when they need to take some urgent and immediate action in order to reduce the potential for loss of life or property from emergency events such as:

a. Severe thunderstorms
b. Gale force winds
c. Severe floods
d. Hazardous materials emergencies
e. Biological hazards
f. Earthquake aftershocks
g. Tsunamis
h. Dam failure
i. Bushfires

328 The purpose of SEWS is to:

a. Alert listeners / viewers of radio / television that an official emergency announcement, concerning an actual or potential emergency, is about to be made.

b. Alert the community at large, via a public address system, to an important official emergency announcement.

AUTHORITY TO USE SEWS

329 Combat Agency Commanders / Controllers and Emergency Operations Controllers at Local, District and State levels are authorised to use SEWS for the above purposes.

330 Full instructions for the use of the SEWS are included in the Standing Operating Procedures for the District Emergency Operations Centre and each of the Local Emergency Operations Centres.
Responsibilities for the conduct and coordination of public education relating to the District's sources of risk are detailed below.

CONTROL & COORDINATION ARRANGEMENTS

THE DISTRICT EMERGENCY OPERATIONS CONTROLLER (DEOCON)

401 The Commissioner of Police has appointed the Region Commander, Southern Police Region, as the District Emergency Operations Controller for the Riverina Emergency Management District.

402 The functions of the DEOCON may be exercised without the need for the declaration of a “State of Emergency”.

403 The DEOCON is subject to the direction of the State Emergency Operations Controller (SEOCON).

404 The DEOCON may appoint another Police Officer as a Deputy or Alternate (this part pending legislative amendment).

405 The roles and responsibilities of the DEOCON are detailed in Part 5 of this plan.

TYPES OF OPERATIONS

COMBAT AGENCY MANAGED OPERATIONS

405 Without limiting the authority of Combat Agency Controllers, Combat Agency operations may be managed in the following ways:

a The responsible Combat Agency Controller controls the operation requiring no support resources other than the Combat Agency resources; or

b The responsible Combat Agency Controller:

i controls the operation;

ii coordinates pre-planned support from other agencies; and

iii ensures that the DEOCON is kept aware of these operations; or

c The responsible Combat Agency Controller retains overall control of the operation and requests the DEOCON to:

i Coordinate the support services specified by the Combat Agency Controller; or

ii Manage part of the operation to meet the requirements of the Combat Agency Controller, (eg. evacuation and welfare operations).

OPERATIONS CONTROLLED BY THE DISTRICT EMERGENCY OPERATIONS CONTROLLER

406 Operations controlled by the DEOCON are those where:

a The DEOCON is designated in a plan as the controller of a specific operation;

b There is no designated combat agency; or

c The District Emergency Operations Controller is requested by the combat agency to assume control, with the approval of the combat agency head and SEOCON.

407 The DEOCON would not normally assume control from the Combat Agency unless the situation can no longer be contained and a change of control is likely to improve matters. This can only occur after consultation between SEOCON and the State Controller of the Combat Agency, and
agreement from the latter, or at the direction of the Minister.

408 If the DEOCON has assumed control of an operation from the Combat Agency, control should revert to the combat agency as soon as it is expedient to do so.

OPERATIONAL CONTROL / COORDINATION RELATIONSHIPS

409 Operational control and coordination relationships are shown at Annex ‘F’.

DISTRICT EMERGENCY OPERATIONS CENTRE (DEOC)

410 The location and contact details of the District Emergency Operations Centre can be found in the Riverina District Contact Directory (a restricted document available to DEMC Members on request).

411 In the event the DEOC becomes inoperable or is inappropriate, an alternate DEOC is to be established at a location to be determined and advised by DEOCON at the time of the operation.

412 The DEOC is activated by the DEOCON to:

   a. Control District level emergency operations.
   b. Coordinate support to Local level emergency operations.
   c. Coordinate support to combat agency managed operations as required.
   d. Coordinate support to other Districts either on a pre-planned basis or as directed by SEOCON.

413 The DEOCON is responsible for:-

   a. Establishing, maintaining and controlling the DEOC.
   c. Ensuring that sufficient trained personnel are available to staff the DEOC when required.
   d. Maintaining a contact directory of DEOC staff.
   e. Providing appropriate training for DEOC staff.

414 Personnel to staff the DEOC, except for Liaison Officers and their assistants, are drawn from Police, other Agencies & Functional Areas as required.

415 The District Emergency Management Officer (DEMO), as executive officer to the DEOCON, is responsible for the preparedness of the DEOC including:

   a. Development and maintenance of the contact directory.
   c. Staff training.
AGENCY & FUNCTIONAL AREA CONTROL & COORDINATION

416 Agencies & Functional Areas are controlled / coordinated at the following levels:

AGENCY & FUNCTIONAL AREA CONTROL / COORDINATION CENTRES

417 The locations and contact details of Agency & Functional Area Control / Coordination Centres can be found in the Riverina District Contact Directory.

LOCAL EMERGENCY OPERATIONS CENTRES (LEOC)

418 The location and contact details of Local Emergency Operations Centres can be found in District and Local Contact Directories.

LIAISON ARRANGEMENTS

419 During District level combat agency managed operations the DEOCON would normally provide a liaison officer to the combat agency control centre.

420 At the request of the DEOCON, Agencies & Functional Areas are to provide a Liaison Officer to represent them at the DEOC, if necessary, on a continuous basis for the duration of the operation.

421 Liaison Officers are to be capable of providing immediate advice to the DEOCON on the capabilities and status of their organisation, agency or functional area and must have the authority to commit the resources of their organisation, agency or functional area.

422 Liaison Officers are to:
a Maintain a communications link between the DEOC and their organisation's control or coordination centre and/or their counterparts at any operational Local or State Emergency Operations Centre.

b Provide advice to the DEOCON and DEOC staff on the capabilities and status of their organisation.

c Keep the DEOCON and DEOC staff informed of the actions taken by and requirements of their organisation.

d Brief their own organisation on the progress and likely requirements of operations.

e Convey the DEOCON's directions / requests to their commander, controller or coordinator as appropriate.

COMMUNICATIONS

423 Whilst the public switched telephone network is the primary means of communication for control and coordination of emergency management operations, there are other electronic services available including email which may be effectively utilised.

424 Emergency services, functional areas and other agencies are responsible to ensure they identify their own alternate communications systems and if necessary, to request the assistance of the State Communications Functional Area Coordinator through their head of service.

INFORMATION AND INTELLIGENCE

425 The DEOCON is responsible for the passage of operational information and intelligence to the SEOCON and adjoining DEOCONs during all types of operations and stages of response.

426 During combat agency managed operations the relevant combat agency controller is responsible for the passage of public information to the community and the media, and for operational information and intelligence between the DEOCON, LEOCONs and all involved agencies.

427 During combat agency managed operations the relevant combat agency controller may request the DEOCON to assume responsibility for the passage of all or certain classes of operational information and intelligence between LEOCONs and/or involved agencies, and/or public information to the community and the media.

428 During operations controlled by the DEOCON, the DEOCON is responsible for:-

a The passage of operational information and intelligence between LEOCONs and/or all involved agencies, using the DEOC as the collection and distribution point.

b the passage of public information to the community.

c the release of regular media releases.

d ensuring the SEOCON is kept informed of developments and forecast support needs.

429 The relevant LEOCONs are responsible for the passage of operational information and intelligence to the DEOCON during all types of operations and stages of response at the Local level.
PART 5

ROLES AND RESPONSIBILITIES

GENERAL

501 The primary operational roles of each of the agencies, functional areas and other organisations described in this part of the plan do not preclude the flexibility to adjust roles or responsibilities if circumstances require such action.

502 Unless otherwise stated, the roles of the emergency service organisations detailed in this part apply equally to the management of incidents and emergencies.

503 The agreed roles and responsibilities of functional area participating and supporting organisations are detailed in Supporting Plans.

DISTRICT EMERGENCY OPERATIONS CONTROLLER (DEOCON)

504 Implement these arrangements as required.

505 Maintain liaison with Local Emergency Operations Controllers.

506 Monitor Local operations either controlled or supported by Local Emergency Operations Controllers.

507 Monitor District level Combat Agency managed operations.

508 Coordinate support and the allocation of resources to District level combat agency managed operations when requested by the combat agency.

509 In consultation with the combat agency and SEOCON, assume control of District level operations from the combat agency if the situation can no longer be contained.

510 Control emergency operations which affect more than one local area in the District if necessary.

511 Control District level operations when there is no designated combat agency.

512 Establish, maintain and control a District Emergency Operations Centre (DEOC).

513 Activate and staff the District Emergency Operations Centre in accordance with DEOC Standing Operating Procedures.

514 Ensure the State Emergency Operations Controller and District Emergency Operations Controllers from adjoining Districts are kept appraised of the situation.

515 As necessary, request additional resources from the State Emergency Operations Controller.

516 Ensure that another senior Police Officer is delegated responsibility for and authority to act as DEOCON in his/her absence and that the SEOCON and DEMO are advised.

517 Ensure recovery operations are initiated during the earliest stages of response operations.

518 Undertake tasks as directed by the SEOCON.
DISTRICT EMERGENCY MANAGEMENT OFFICER (DEMO)

519 Advise, assist and support the District Emergency Operations Controller during response and recovery operations.

520 Advise, assist and support the Local Emergency Operations Controllers during response and recovery operations as necessary.

521 Ensure the preparedness of the District Emergency Operations Centre (DEOC).

522 Ensure that other District Emergency Management Officers are available to provide support, either in the absence of the DEMO or for extra duty in the DEOC / LEOC, and that the DEOCON is advised accordingly.

SITE CONTROLLERS

523 Establish a Site Control point, notify all relevant agencies of its location and request Liaison Officers from agencies at the site as necessary.

524 Control the overall situation and coordinates activities and resources of all agencies at the site.

525 Determine the priority of actions of the individuals or agencies concerned at the site.

526 Ensure that perimeters are established and access to the site is controlled.

527 In consultation with Ambulance and Medical authorities, designate a treatment / triage area and Ambulance loading area, if required.

528 Designate equipment / personnel assembly areas, marshalling areas, rest areas, media assembly / briefing area and evacuation assemble areas, as required.

529 Designate a helicopter landing area if required.

530 Arrange through the EOCON additional support resources as required.

531 Provide Situation Reports (SITREPS) to the EOCON if requested.

532 Through agency commanders, coordinate the provision of catering and other support to agency personnel at the site.

533 Determine and plan resource needs.
The organisations detailed in the following table have been identified in the NSW State Displan, or by agreement at the District level, as the agencies primarily responsible for controlling the response to the particular emergency.

AGRICULTURE AND ANIMAL SERVICES FUNCTIONAL AREA

Coordinating Agency - NSW Dept of Primary Industries

535 Is the designated combat agency for exotic animal diseases operations and other animal health emergencies. This includes implementing procedures in conjunction with national authorities for the eradication or control of exotic animal diseases, including:

a detection, diagnosis, risk assessment and surveillance of the disease;
b destruction and disposal of infected animals, plants and products as required;
c disinfection of contaminated areas, buildings and vehicles;
d programs for vector control, for example, insect and feral animal control;
e quarantine controls for the movement of persons, animals and plants; and
f provision of adequate trained staff to ensure quarantine requirements are observed.

535 Provide immediate animal care services and continuing rehabilitation assistance to primary producers, including:

a assessment of injured stock;
b disposal of carcasses;
c assessment of rural property losses and damage to buildings, fences, crops, equipment and fodder;
d Coordination of the supply and distribution of emergency fodder supplies and other materials;
e administration of financial assistance to victims as required;
f assistance to primary producers suffering emergency induced traumas, in conjunction with the Dept of Community Services; and
g with support of Participating and Supporting Organisations, manage the care of companion animals.

536 With support of Participating and Supporting Organisations, provide animal care services for wildlife, domestic animals and for companion pets of victims evacuated from an area affected by an emergency.

537 Planning for response and recovery operations for agricultural emergencies, and advising on animal care, veterinary public health, and plant disease control measures.

538 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.
AMBULANCE SERVICE OF N.S.W.

Commander - Greater Murray Operations Manager

539 Provide pre hospital care and transport for the sick and injured.

540 Provide and/or assume responsibility for transport for designated Health Service teams and their equipment to the sites of incidents or emergencies, receiving hospitals or emergency medical facilities when so requested by the Health Services Functional Area Coordinator.

541 Provide coordinated communications for all health systems involved in emergency responses.

542 Provide a Liaison Officer with communications to the District Emergency Operations Centre at the request of the District Emergency Operations Controller, or alternatively, to the combat agency control centre.

543 Provide, when necessary, a Liaison Officer to the Site Controller or forward Police Commander.

544 As determined by the State Rescue Board, provide accredited “rescue units”.

COMMUNICATION SERVICES FUNCTIONAL AREA

COORDINATOR State Functional Area Coordinator

545 Advise on the establishment and maintenance of reliable communications for the control and coordination of emergency response and recovery operations.

546 Arrange for alternate communications links in the event of overloading, the need for greater capacity, or in the event of failure of the normal telephone system.

547 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.

ENGINEERING SERVICES FUNCTIONAL AREA

COORDINATOR - Dept of Commerce,

548 Coordinate all engineering resources associated with emergency response and recovery operations, including:

a clearance and re-establishment of roads and bridges;
b demolition and shoring up of buildings;
c removal of debris;
d establishment of electrical power, water, sewerage and gas services, either temporarily or permanently as required;
e construction of levees to control flooding;
f maintenance of essential services; and
g other related matters.

549 Provide engineering support to a Combat Agency and other Functional Areas, or organisations involved in the emergency.

550 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.
ENVIRONMENTAL SERVICES FUNCTIONAL AREA

COORDINATOR - Dept Environment & Conservation

551 Protect the environment during emergency response and recovery operations.

552 Coordinate scientific support for the on scene Controller during operations to combat the pollution of the sea and inland waters within New South Wales.

553 Advise and coordinate scientific support to the New South Wales Fire Brigades during land based hazardous materials emergency operations.

554 Advise the combat agency and other Functional Areas or Organisations involved in the emergency, on environmentally sound and legal practices for the disposal of wastes or contaminated materials resulting from an emergency.

555 Once the material has been rendered safe, direct and coordinate cleanup of hazardous materials that pose a threat to the environment.

556 Conduct post response operations investigations following incidents or emergencies involving hazardous materials.

557 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.

HEALTH SERVICES FUNCTIONAL AREA

COORDINATOR - Greater Southern Area Health Service

558 Coordinate and control the mobilisation of all health responses to emergencies when this plan is activated. This includes medical, mental and public health services, and involves:

a the mobilisation of health resources to the emergency site or sites and the initiation of prioritised patient management;

b the provision of coordinated hospital and medical response to emergencies;

c the provision of mental health services to victims, emergency workers and the communities affected by emergencies; and

d the provision of public health services to prevent, prepare for, respond to and recover from emergencies.

559 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.

LOCAL COUNCILS

560 At the request of the relevant Combat Agency, Emergency Service Controller or Emergency Operations Controller:

a provide personnel, plant, equipment, services and material resources as available and required during emergency response and recovery operations;

b provide expertise and support, as requested, to the emergency services, combat agencies and functional areas identified in this plan; and

c assume a lead role in local recovery operations.

561 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.
N.S.W. FIRE BRIGADES

COMMANDER - Commander, South 4 Region (Wagga)
Commander, West 7 Region (Leeton)

562 In relation to Fire Districts, prescribed in the New South Wales Fire Brigades Act, 1919 (as amended), is the designated combat agency for taking all practicable measures for preventing and extinguishing fires and protecting and saving life and property in case of fire in any fire district.

563 Is the designated combat agency for land based hazardous materials incidents and emergencies within New South Wales, specifically for taking all practicable measures:
   a for protecting and saving life and property endangered by hazardous materials incidents and emergencies;
   b for confining or ending such an incident or emergency; and
   c for rendering the site of such an incident or emergency safe.

564 Provide fire control services by:
   a dealing with outbreaks of fire and the rescue of persons in fire endangered areas;
   b taking such measures as may be practicable to prevent the outbreak of fire; and
   c on land, dealing with the escape of hazardous materials or a situation which involves the imminent danger of such an escape.

565 As determined by the State Rescue Board, provide accredited “rescue units”.

566 Assist in any other response or recovery operations for which the Fire Brigade’s training and equipment is suitable.

567 Provide a liaison officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.

N.S.W. POLICE

COMMANDER - Commander, Southern Region

568 Is the designated combat agency for law enforcement, including counter terrorist measures.

569 Is the designated combat agency for search and rescue.

570 As necessary, control the evacuation of victims from the area affected by an emergency.

571 Maintain law and order, protect life and property, and provide assistance and support to a combat agency, Functional Areas, and other organisations as required. This may include:
   a reconnaissance of the area affected by an emergency;
   b crowd control and traffic control;
   c access and egress route security and control;
   d identifying the dead and injured and notifying next of kin;
   e establishing temporary mortuaries;
f maintaining the security of property;
g statutory investigative requirements; and
h operation of a public enquiry centre capable of providing general information on incidents and emergencies to members of the public.

572 Respond accredited “rescue units” to general and specialist rescue incidents, and control and coordinate rescue operations. (See note below).

573 As determined by the State Rescue Board, provide accredited “rescue units”.

574 Manage Disaster Victim Registration, and a disaster victim enquiry system capable of:
   a Providing a Disaster Victim Registration system for victims of emergencies;
   b Managing a disaster victim enquiry centre capable of providing relatives and close friends with basic details on the location and safety of victims of emergencies occurring within New South Wales; and
   c Managing a similar disaster victim enquiry service when the National Registration and Inquiry System (NRIS) is activated in relation to emergencies in other States and Territories.

575 Provide a liaison officer to the District Emergency Operations Centre.

NOTES:

576 The senior member of the NSW Police present at the scene of a rescue operation is responsible for coordinating and determining the priorities of action of the persons engaged in the rescue operation. This applies whether those persons are members of a permanent or volunteer agency except when control is vested by law in another agency (such as when the person or property is endangered by an actual fire at which a member of the Fire Brigade is in charge of the fire ground, or when the operation results from an emergency which is subject to the control of another person or combat agency). This applies despite anything to the contrary in any other Act.

577 Some members of the NSW Police are appointed under the provisions of the State Emergency and Rescue Management Act, 1989 (as amended), as Emergency Operations Controllers. Roles and responsibilities of Emergency Operations Controllers are detailed earlier in this plan.

N.S.W. RURAL FIRE SERVICE

COORDINATOR Regional Manager South East

578 In relation to Rural Fire Districts, prescribed in the Rural Fires Act, 1997 (as amended), is the designated combat agency for fire incidents and emergencies.

579 Provide fire control services by:
   a dealing with outbreaks of fire and the rescue of persons in fire endangered areas; and
   b taking such measures as may be practicable to prevent the outbreak of bush fires.

580 Assist in any other response or recovery operations for which the Rural Fire Service’s training and equipment is suitable.

581 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.
N.S.W. STATE EMERGENCY SERVICE

CONTROLLER Controller, Murrumbidgee Division
Controller, Lachlan Division

582 Is the designated combat agency for dealing with floods and to coordinate the rescue, evacuation and welfare of affected communities. (See note below).

583 Is the designated combat agency for damage control for storms and tempests (including coastal erosion from storm activity), and to coordinate the evacuation and welfare of affected communities. (See note below).

584 As determined by the State Rescue Board, provide accredited “rescue units”.

585 On request, assist the Police, Fire Brigades, Rural Fire Service and Ambulance Service in dealing with incidents or emergencies.

586 Provide a liaison officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.

NOTE:

587 Responsibility for evacuees related to flood, storm and tempest emergencies is to be handed over to the Welfare Services Functional Area as soon as possible.

PUBLIC INFORMATION SERVICES FUNCTIONAL AREA

COORDINATOR Director, Public Affairs Branch, N.S.W. Police

588 Assist the effective conduct of emergency response and recovery operations by coordinating the release of official and current information to the media and the public about the emergency, including measures being undertaken or planned. This requires:

a establishing a Media Information Centre, arranging media conferences on behalf of the District Emergency Operations Controller and when appropriate, arranging access by the media to the area affected by the emergency;

b preparing media releases on behalf of the District Emergency Operations Controller;

c establishing a Joint Media Information Centre (JMIC) for the dissemination of information to the public, but excluding inquiries regarding victims; and

d preparing and issuing official messages to the public for broadcast by the media (preceded by the Standard Emergency Warning Signal [SEWS]).

589 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.

TRANSPORT SERVICES FUNCTIONAL AREA

COORDINATOR Region Community Transport Coordinator

590 Coordinate the provision of transport support as required by a Combat Agency and other Functional Areas, whilst maintaining as far as practicable, the normal operations and activities of public and commercial transport services. Tasks for providing transport to other agencies might include:

a movement of emergency equipment and personnel;

b movement of emergency supplies and goods including water, fuel and food;

c evacuation of people; and
d assistance for medical transport.

591 Maintain and operate a road condition / closure advisory service to Emergency Service Organisations, other Functional Areas, and members of the public.

592 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.

**VOLUNTEER RESCUE ASSOCIATION**

**COMMANDER**  
Regional Coordinator

593 As determined by the State Rescue Board, provide accredited “rescue units”.

594 Assist, at their request, the relevant combat agency, Emergency Operations Controller, and members of the NSW Police, Fire Brigades, Rural Fire Service, Ambulance Service or State Emergency Service in any other response or recovery operation for which the Association’s training and equipment is suitable.

595 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.

**WELFARE SERVICES FUNCTIONAL AREA**

**COORDINATOR**  
Area Manager, Department of Community Services

596 During response and recovery operations, provide welfare services to victims of incidents and emergencies. This may require:

a establishing Evacuation and Welfare/Recovery Centres to manage the provision of short term emergency accommodation, essential material needs, and the delivery of welfare services to victims of incidents and emergencies;

b providing welfare information and advisory services to victims;

c providing personal welfare support, and referral services;

d Providing immediate financial aid;

e establishing a support unit to coordinate and distribute offers of donated relief aid;

f providing mobile welfare services teams;

g ensuring, in conjunction with Agriculture and Animal Services, the provision of companion animal care; and

h ensuring, in conjunction with Health Services, the provision of medical and mental health (counselling) services.

597 Mobilise and coordinate catering facilities and services to provide:

a feeding of victims of emergencies, including evacuees in transit or in Evacuation and Welfare/Recovery Centres, and displaced or homeless people in short term emergency accommodation centres; and

b by arrangement, meals for personnel engaged in emergency response and recovery operations.

598 Provide a Liaison Officer to the District Emergency Operations Centre at the request of the District Emergency Operations Controller.
599 Establish Recovery Centres to manage the welfare needs of victims;

5100 Coordinate emergency accommodation for homeless victims of emergencies.

5101 Arrange for the acquisition, reception, storage, issue and disposal of material needs including clothing, bedding and personal requisites.

5102 Provide emergency financial assistance to victims of emergencies.
EMERGENCY RESPONSE OPERATIONS

RESPONSE ARRANGEMENTS

601 This plan is always active.

602 The DEOCON is responsible to initiate response actions when:
   a Local emergency operations are being conducted and District level support may be required;
   b It is necessary to coordinate two or more Local level emergency operations;
   c Support to an adjoining District is requested;
   d District level emergency operations are required; or
   e Directed by the State Emergency Operations Controller.

603 The DEOCON automatically initiates response actions whenever:
   a a “bush fire emergency” is declared and a person appointed to take charge of fire fighting operations and fire prevention measures by the Commissioner, Rural Fire Service, as the “Commissioner’s delegate”; or
   b the Murrumbidgee or Lachlan Division Controller of the State Emergency Service is conducting flood or storm operations, including the coordination of evacuation and welfare of affected communities, under the provisions of the State Emergency Service Act, 1989.

604 In either case, the DEOCON is to be prepared to coordinate support if requested by the person appointed by the Commissioner, Rural Fire Service in the case of bush fires, or the SES Division Controller in the case of floods or storm and tempest.

605 During response actions for bush fires, floods, storm, hazardous materials operations, animal health emergencies or other combat agency operations, control remains with the designated combat agency. The DEOCON would not normally assume control from a combat agency unless the situation can no longer be contained and a change of control is likely to improve matters. In any case a change of control can only occur after consultation between SEOCON and the State Controller of the Combat Agency, and agreement from the latter, or at the direction of the Minister.

STAGES OF RESPONSE

606 The recognised stages of response are:
   a ALERT
   b STANDBY
   c CALL OUT
   d STAND DOWN

607 However, due to the nature of the event and time constraints, the ALERT and/or STANDBY stages may be by-passed.
### ACTION AT EACH STAGE

<table>
<thead>
<tr>
<th>PHASE</th>
<th>ACTION</th>
</tr>
</thead>
</table>
| **ALERT** | DEOCON receives advice on operations which could escalate to an emergency, or which could require coordination of support.  
DEOCON monitors the situation.  
DEOCON informs, as appropriate:  
Relevant Agency Controllers & Functional Area Coordinators;  
Local Emergency Operations Controllers;  
District Emergency Operations Controller(s) from adjoining District(s);  
State Emergency Operations Controller; and  
District Emergency Management Officer (DEMO).  
DEOCON activates DEOC to appropriate state of readiness, if necessary. |
| **STAND BY** | Combat Agency, LEOCON or SEOCON advises DEOCON that assistance under Displan arrangements may be required, or DEOCON determines that a District level emergency operation is likely to be required.  
DEOCON:  
Continues to monitor the situation;  
Activates DEOC to appropriate state of readiness;  
Advises and briefs relevant Agencies & Functional Areas to standby;  
Briefs DEOC staff, LEOCONs and the SEOCON on the situation; and  
Briefs adjoining DEOCONs as appropriate.  
LIAISON OFFICERS report to DEOC or Combat Agency control centre as appropriate and if requested. |
| **CALL OUT** | District level emergency operation, or Combat Agency, SEOCON or LEOCON advises DEOCON that support is required.  
DEOCON:  
Escalates DEOC to required state of readiness;  
Activates relevant Agencies & Functional Areas and requests Liaison Officers to report to DEOC or combat agency control centre as appropriate; and  
Liaises with the SEOCON, LEOCONs and adjoining DEOCONS as required.  
LIAISON OFFICERS maintain contact with their respective agencies and respond resources as directed by the DEOCON, in accordance with the appropriate plan. |
**RESOURCE DEPLOYMENT**

608 Priorities for deployment of resources being coordinated by the DEOCON will be determined by the DEOCON.

609 Each Agency & Functional Area is to develop and maintain up to date resource registers relevant to their operational requirements.

**ASSISTANCE FROM OTHER DISTRICTS**

610 An Agency may obtain their own organisation's resources from outside the District.

611 All other requests for out of area support are to be directed to the DEOCON who then requests such support from the SEOCON, or in accordance with the appropriate plan.

**ASSISTANCE TO OTHER DISTRICTS**

612 Agencies may deploy their own organisation's resources outside the District.

613 Functional Areas may deploy their own functional area resources outside the District in accordance with their respective Supporting Plans.

**DEFENCE ASSISTANCE TO THE CIVIL COMMUNITY**

614 Australian Defence Force assistance may be sought to perform emergency tasks which are primarily the responsibility of State authorities or organisations, and for which the State lacks the necessary equipment or resources. Details of the emergency categories of Defence Assistance to the Civil Community and arrangements for obtaining such assistance are detailed at Annex 'F' of this Plan.

**EVACUATION**

615 Evacuation of persons or domestic animals from an area of danger or potential danger is a possible strategy in combating any particular hazard impact.
DECISION TO EVACUATE

616 The decision to evacuate persons or domestic animals is not one which should be taken lightly. During evacuations, there are many tasks which need to be done by a number of different agencies. This necessitates a coordinated approach to ensure that all of the evacuee’s needs are met. In some circumstances, it may be more appropriate for people to remain in their homes and take other measures to ensure their safety.

617 The requirement to evacuate or stay should ideally be identified during the planning process and be included in agencies’ sub plans or standing operating procedures as necessary.

618 The agencies with the authority to order an evacuation are to ensure that the affected community is informed, through a public education program, of the proposed evacuation strategies. Leaflets should also be provided, if appropriate.

619 The controller of the operation (Combat Agency Controller or EOCON) will determine the need for evacuation.

620 If evacuation is the preferred option, the Controller is to consult with:

a. the Welfare Services Functional Area Coordinator to identify a safe and suitable Evacuation Assembly Area or Welfare Centre; and

b. the Transport Services Functional Area Coordinator to arrange suitable transport from and return to the affected area.

AUTHORITY TO EVACUATE

621 The authority to order an evacuation should also be clear. The following table indicates which individuals and organisations have authority to order an evacuation of persons or domestic animals and under which circumstances.

<table>
<thead>
<tr>
<th>INDIVIDUAL / ORGANISATION</th>
<th>CIRCUMSTANCES</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Minister, or an “emergency services officer” (as defined) when authorised by the Minister.</td>
<td>During a declared State of Emergency, direct a person to leave premises and move out of an emergency area or part thereof, taking any persons in their care with them, and/or not to enter an emergency area or part thereof. (S.37 - SERM Act)</td>
</tr>
<tr>
<td>A senior Police officer (of or above the rank of Sergeant)</td>
<td>If satisfied that there are reasonable grounds for doing so for the purpose of protecting persons from injury or death threatened by an actual or imminent emergency. (S.60L - SERM Act)</td>
</tr>
<tr>
<td>A Police officer</td>
<td>The Police Service Act empowers police officers to evacuate persons considered at risk. This authority to evacuate is more widely used on a day-to-day basis than that granted under the State Emergency and Rescue Management Act. In support of the authority of a member of the Fire Brigade acting under the Commissioner’s orders and to assist him or her where the persons are or property is endangered by fire or a hazardous materials incident. (S.25 - Fire Brigades Act)</td>
</tr>
<tr>
<td></td>
<td>In support of the authority of and in compliance with directions given by the RFS Commissioner, other RFS Officers or Incident Controller in connection with the prevention, control and suppression of any rural fire. (S.44 and 41 - Rural Fires Act)</td>
</tr>
<tr>
<td>INDIVIDUAL / ORGANISATION</td>
<td>CIRCUMSTANCES</td>
</tr>
<tr>
<td>---------------------------</td>
<td>---------------</td>
</tr>
<tr>
<td>A Police officer (cont)</td>
<td>As an authorised officer, power to control persons and vehicles in the forest estate and direct persons and vehicles to leave an area if the activities being undertaken or conditions constitute a danger or potential danger to the safety of persons or property. (S. 15 - Forestry Act)</td>
</tr>
<tr>
<td>A Police officer, and All other members of emergency service organizations</td>
<td>In recognition of the authority of the Director-General and emergency officers, provide assistance in connection with flood or storm and tempest operations. (S. 21 - State Emergency Service Act)</td>
</tr>
<tr>
<td>The Fire Brigade officer in charge at a fire or hazardous materials incident</td>
<td>Take such measures as the officer thinks fit to protect life and property and to remove any person, vehicle, vessel or thing which might interfere with the work of the Fire Brigades. (S. 13; 19 - Fire Brigades Act)</td>
</tr>
<tr>
<td>The Director General, State Emergency Service, or an “Emergency Officer” (as defined) when authorised by the Director General.</td>
<td>Direct a person to leave premises and move out of an emergency area or part thereof, taking any persons in their care with them, and/or not to enter an emergency area or part thereof. (S.22 - State Emergency Service Act)</td>

<td>Cause any street or public place in the vicinity of a fire, incident or other emergency to be closed to traffic.</td>
</tr>
<tr>
<td>Ambulance Service</td>
<td>The Ambulance Service may be directed by the Police Service to assist in the conduct of evacuations, or, during a declared State of Emergency, by any authorised officer as determined under Section 37 of the SERM Act. Evacuation of medical facilities such as hospitals or nursing homes will be at the direction of the Medical Controller.</td>
</tr>
<tr>
<td>Local Government Authorities</td>
<td>In connection with fire safety related to buildings, the issue of orders to cease the use of premises, evacuate premises, to leave premises or not to enter premises. (S. 124 - Local Government Act)</td>
</tr>
</tbody>
</table>

**EVACUATION WARNINGS**

622 Evacuation warnings to the public, or advice not to evacuate, are to be authorised and released by the person or agency in control of the event as nominated in Part 5 of this plan, in accordance with normal operating procedures.

623 The normal means of disseminating warnings and advice to the public is via the electronic media. In some circumstances, particularly if there is a need for urgent evacuations or other actions, evacuation warnings will be reinforced by:

a Use of public address systems fitted to emergency services vehicles; and

b Evacuation teams, made up of emergency services personnel and others as necessary, to carry out door knocks of the affected area.
624 Warnings to evacuate, whether disseminated via the media or by door knocks, should contain:

a. Instruction to evacuate;
b. Location of Assemble Areas for transport to Welfare Centres;
c. Location of Welfare Centres, for those using private transport;
d. Authorised route(s) to Welfare Centres;
e. Arrangements for children in schools and pre schools;
f. Arrangements for elderly or infirm residents unable to self evacuate; and
g. Likely duration of the evacuation.

625 The Standard Emergency Warning Signal (SEWS) may be used to precede an emergency warning message over the electronic media. Refer to Part 3 – Planning and Preparation.

626 A media contact directory is to be maintained at the combat agency operations centre and Local / District Emergency Operations Centres for warnings to the public.

WITHDRAWAL

627 Combat Agencies conducting evacuations must liaise with Police to ensure security of the evacuated area, and must also consult with the Welfare Services Coordinator and the Transport Services Coordinator.

628 Police, if requested by the Agency Controller or EOCON, will conduct the evacuation of persons to the selected Welfare Centre, secure the affected area and coordinate Disaster Victim Registration.

629 Transport requirements are to be organised by the Transport Services Functional Area Coordinator.

630 Buildings that have been evacuated should be identified as directed (eg. with a towel or similar item securely tied to the front door handle or nearby fixture) so as to be visible from the street. This obviates the need to revisit individual premises to ensure they have been evacuated.

631 The Combat Agency Controller or EOCON is to arrange for a check of the area to ensure that the evacuation has been effective.

SHELTER

632 The Welfare Services Functional Area Coordinator is to:

a. Arrange for staffing of the identified Welfare Centre(s) in time to receive the evacuees;
b. Provide welfare support services to evacuees in accordance with the Welfare Services Supporting Plan; and
c. Address longer term accommodation requirements.

RETURN

633 The Agency / Authority who initiated the evacuation determines, in consultation with the Recovery Coordinating Committee (if established), and the Coordinators of the Engineering Services, Health Services and Welfare Services Functional Areas, when it is safe for evacuees to return to their homes, and arranges for the evacuees to be advised accordingly.

634 Transport is to be arranged by the Transport Services Functional Area Coordinator.
In a variety of situations, a number of organizations have the authority to close roads. The following table indicates the organizations which have the authority to close roads and the circumstances when that authority can be exercised.

### AUTHORITY TO CLOSE ROADS

<table>
<thead>
<tr>
<th>INDIVIDUAL / ORGANISATION</th>
<th>CIRCUMSTANCES</th>
</tr>
</thead>
<tbody>
<tr>
<td>Police</td>
<td>Close any public street to traffic during any temporary obstruction or danger. (S. 23 Traffic Act)</td>
</tr>
<tr>
<td></td>
<td>Close off the whole or any part of a “park” (as defined) and its roads to the public. (S. 155 National Parks &amp; Wildlife Act)</td>
</tr>
<tr>
<td>The Minister, or an “Emergency Services Officer” (as defined) when authorised by the Minister.</td>
<td>During a <strong>declared State of Emergency</strong>, direct a person not to enter an emergency area or part thereof. (S.37 - SERM Act)</td>
</tr>
<tr>
<td>The Officer in Charge at a fire or hazardous materials incident.</td>
<td>Close any street in the vicinity of a fire or hazardous materials incident. (S. 13 Fire Brigades Act)</td>
</tr>
<tr>
<td>Officer in charge of a Rural Fire incident or other emergency.</td>
<td>Close any street or public place in the vicinity of a fire, incident or other emergency. (S. 24 - Rural Fires Act)</td>
</tr>
<tr>
<td>The Director General, State Emergency Service, or an “Emergency Officer” (as defined) when authorised by the Director General.</td>
<td>Direct a person not to enter an emergency area or part thereof. (S.22 - State Emergency Service Act)</td>
</tr>
<tr>
<td>The Ambulance Service</td>
<td>Close a road for the protection of persons from injury or death, whether or not those persons are sick or injured. (S. 12 - Ambulance Service Act)</td>
</tr>
<tr>
<td>The Minister for Agriculture</td>
<td>Restriction of entry to and exit from a quarantined area and closure of roads which pass through a restricted area to vehicles and stock. (S. 12 &amp;15 - Stock Diseases Act)</td>
</tr>
<tr>
<td>Department of Primary Industry Inspectors</td>
<td>Declaration of entry and exit points during an exotic disease outbreak. (S. 13 - Exotic Diseases of Animals Act)</td>
</tr>
</tbody>
</table>
| A Roads Authority (as defined) | Close roads to protect the public from hazards on the public road. (S. 115 - Roads Act)  
**Note**: This power is rarely used in emergencies as the powers of Emergency Services Officers generally suffice. It relates only to those roads for which Council is deemed to be the “Roads Authority”.  
Roads Authority applies to RTA for consent to regulate traffic. (S. 116 – Roads Act)  
Roads Authority may temporarily regulate traffic including prohibiting vehicles to pass. (S. 122 – Roads Act)  
**NOTE**: This does not apply to Emergency Vehicles.  
Roads Authority may temporarily close ferries. (Clause 56 – Roads [General] Regulation) |
ADVICE OF ROAD CLOSURES

636 When an authorised person closes or opens or regulates traffic flow on a major road the RTA Transport Management Centre (TMC) is to be notified, together with any other appropriate organisations, including Police.

637 The RTA Transport Management Centre will:

a. Deploy RTA Traffic Commanders to major unplanned incidents and emergencies;
b. Accept responsibility for traffic management from the incident perimeter into the rest of the road network;
c. Take the lead role in communicating traffic management arrangements / issues to the media;
d. Provide close support to the Police Incident Commander for traffic control within an incident perimeter;
e. Develop and deploy Maintenance and Traffic Emergency Services (MATES) teams for specific routes; and
f. Provide a comprehensive and timely response of specialized resources to support traffic management.

638 Unless otherwise advised by the DEOCION, when any major road within the District is closed for any reason during a District level operation, the District Emergency Operations Centre is to be advised, where the information will be collated and disseminated.

639 During Local level emergencies, Local Emergency Operations Controllers are responsible for collection, collation and dissemination of information on road condition and closure.

LOGISTIC SUPPORT (SUPPLY OF GOODS AND SERVICES)

640 Agencies are responsible for providing their own logistic support, including re-supply and relief of their own personnel.

641 Agencies are responsible for advising the DEOCION of any specific requirements which cannot be met from their own resources.

642 Any request for supply of goods and/or services is to be made through the appropriate Agency or Functional Area which has responsibility for provision of those goods and/or services and the capability to fund the request.

EXPENDITURE AND RECOVERY OF FUNDS

643 Agencies which are Government Departments or Authorities & Functional Area Coordinators meet the cost of providing goods and/or services, including Liaison Officers, during emergency response or recovery operations in the first instance from their normal operating budgets.
Should the expenditure be of such a magnitude as to prevent the providing Agencies or Functional Areas from continuing their normal operations for the remainder of the financial year, Treasury may provide supplementation, but Departments cannot be guaranteed that funding will be provided.

For private sector organisations or personnel, the cost of providing goods and/or services during emergency response or recovery operations is to be met by the requesting Agency or Functional Area.

Certain expenditure incurred during emergency response or recovery operations following natural disasters may be included under the Commonwealth / State funding arrangements.

In view of the above, all Liaison Officers in the EOC must be aware of their Agency or Functional Area financial delegations and procedures and fully document expenditure relating to the emergency operation.

**STAND DOWN AND DEBRIEF**

During District level Combat Agency managed operations, the relevant Combat Agency Controller is responsible for issuing the Stand Down and conducting a debrief of all involved agencies. The controller is also to provide the DEOCON with a report on the operation and debrief, for presentation to the DEMC.

The DEOCON, in consultation with the relevant Combat Agency if appropriate, is responsible for issuing the Stand Down and conducting a debrief of all agencies, including LEOCONs, during operations controlled or coordinated by the DEOCON during:

a  District supported operations; or  
b  District level emergency operations.

Following District supported operations or District level emergency operations:

a  The DEOCON debriefs DEOC staff before closing the DEOC;  
b  Each agency involved in an operation is to conduct a debrief of its own personnel and report to the DEOCON within fourteen days of the issue of the Stand Down;  
c  The DEOCON conducts a combined agencies debrief within twenty one days of the issue of the Stand Down; and  
d  The DEOCON reports to the DEMC on lessons learned from the operation and matters highlighted during the debrief. A copy of the report is to be forwarded to the SEOCON.

Following Local level supported or emergency operations:

a  The LEOCON is to debrief LEOC staff before closing the LEOC;  
b  Each agency involved in an operation is to conduct a debrief of its own personnel and report to the LEOCON within seven days of the issue of the Stand Down;  
c  The LEOCON conducts a combined agencies debrief within fourteen days of the issue of the Stand Down; and  
d  The LEOCON reports to the LEMC on lessons learned from the operation and matters highlighted during the debrief. A copy of the report is to be forwarded to the DEOCON.
PART 7

EMERGENCY RECOVERY OPERATIONS

GENERAL

701 As soon as possible after commencing response operations, and when the emergency is contained, the emergency management structure conducts recovery operations to satisfy personal and community needs, and to restore services to the level where the continuing process can be managed by local government and the normal responsible agencies. While local government authorities have significant responsibility for the well-being of local communities, and play a major role in recovery operations, they may require significant resource support, particularly with respect to the overall coordination of recovery operations.

702 It is essential that the requirements of recovery operations are assessed and planned during the earliest stages of emergency response operations. Although an overlap will occur between the commencement of the recovery phase and completion of the response phase, the handover of responsibilities between the response agencies and the recovery agencies needs to be considered carefully. The District Emergency Operations Controller is responsible for ensuring recovery planning occurs.

703 Those involved in contributing to recovery operations should keep in mind that the whole purpose of such operations is to assist the affected community to manage its own recovery, while recognising that there will invariably be a requirement for external technical, physical and financial assistance.

PRINCIPLES

704 Emergency recovery is most effective when the following nationally recognised principles are applied:

a Management arrangements recognise that emergency recovery is a complex, dynamic and protracted process;

b Agreed plans and management arrangements are well understood by the community and emergency management agencies;

c Recovery agencies are properly integrated into emergency management arrangements;

d Community service and reconstruction agencies have input into key decision making;

e Recovery services are conducted with the active participation of the affected community;

f Recovery managers are involved from the initial briefing on the operation;

g Recovery services are provided in a timely, fair, equitable and flexible manner; and

h Recovery personnel are supported by training programs and exercises.

705 The recovery process will commence as soon as possible during and following the impact and every effort will be made to ensure that individuals from the affected communities are actively involved in their own recovery.

706 Management of recovery services should, whenever possible, occur at local level, although District and, on occasions, State support will be required.

707 Recovery services are most effective when managed by an identified recovery coordinator.
PLANNING FOR RECOVERY

708 Emergency Management Committees at all levels are responsible for recovery planning, which is to be undertaken in accordance with the principles contained herein, and the relevant State level supporting plans & sub plans.

709 The main roles of Recovery Coordination Committees are:
   a. Coordinate arrangements to make an initial assessment of the impact;
   b. Establish priorities;
   c. Identify shortfalls in resources;
   d. Coordinate provision of services; and
   e. Keep the community informed of recovery strategies.

RECOVERY AT LOCAL LEVEL

710 As soon as possible following an emergency, the LEMC is to meet in order to form a Local Recovery Coordination Committee. The LEMC provides a good basis for a Local Recovery Coordination Committee, but local community groups such as the local Chamber of Commerce and non-government agencies should be added. The Combat Agency will need to attend the early meetings to provide an overview of the situation.

711 Coordination of the recovery operation may occur from local, district or state level.

712 The DEMO and appropriate District Functional Area Coordinators (eg Health, Welfare, Engineering and Agriculture) are to be invited to the initial meeting and to subsequent meetings as required.

LOCAL RECOVERY COORDINATORS

705 The appointment of a Local Recovery Coordinator is critical to the success of recovery operations. This should be discussed by the LEMC when it meets to form the Local Recovery Coordination Committee. The appointment of the coordinator should occur in consultation with the DEOCON, on the recommendation of the LEOCON.

706 In the event that there is likely to be the need for significant outside resources, the LEOCON on the advice of the LEMC may recommend the appointment of a higher level Recovery Coordinator.

HIGHER LEVEL RECOVERY COORDINATORS

713 In the event that the need is identified for a higher level Recovery Coordinator to be appointed, the DEOCON, as Chair of the District Emergency Management Committee will consult with the SEOCON who will appoint a coordinator in liaison with appropriate State level agencies.

RECOVERY AT DISTRICT LEVELS

714 In the event that an emergency impacts on several local government areas within an emergency management district, it will be necessary to form a District Recovery Coordination Committee.

715 In such circumstances the DEMC will meet to determine the composition of the committee and nominate a Coordinator to the SEOCON for approval. Local Recovery Committees will be required, but will act as sub-committees to the District Recovery Coordination Committee.
RECOVERY AT STATE LEVEL

716 When an emergency impacts on several adjoining emergency management districts, or in the event of a major emergency, it may be necessary to establish a State level Recovery Coordination Committee.

717 When there is a likelihood that this may be required, the SEOCON will meet with the SEMC and make a decision on an appropriate structure, including the appointment of a State Recovery Coordinator.

LONG TERM RECOVERY

718 In the event that long term recovery and reconstruction are going to be needed, SEOCON and the SEMC may recommend to the Minister or Premier the formation of a Special Recovery Coordinating Committee to coordinate long term recovery planning and coordination.

719 The Minister or Premier may appoint a Special Recovery Coordinator, who if so appointed is to be the Chairperson of the Special Recovery Coordination Committee, and will normally report directly to Government.

RECOVERY CENTRES

719. Delivery of recovery services is undertaken from Recovery Centres, which brings together all service providers within one location.

720. Recovery Centres will be established in cooperation with local government.

721. The need to establish Recovery Centres will be considered whenever there is an emergency.

722. The decision to establish a Recovery Centre is made by the Department of Community Services Disaster Recovery - Human Services Manager in consultation with the relevant Emergency Service organisation.

723. The agencies providing services in the centre may include:
   a. Dept of Community Services;
   b. Community Partners and Agencies (non government organisations);
   c. Dept of Commerce;
   d. Dept of Primary Industry;
   e. NSW Rural Assistance Authority;
   f. NSW Health Department;
   g. Dept of Housing;
   h. Centrlink;
   i. Electricity service providers;
   j. Office of Fair Trading; and
   k. Telecommunications providers.
A Recovery Centre may include the following facilities:

a. Security for access – separating clients from the general office;

b. Reception area;

c. Interview rooms;

d. Meeting room;

e. Staff room;

f. Storage area; and

g. Administration area and offices.

EMERGENCY FINANCIAL ASSISTANCE

725. The Welfare Services Functional Area coordinates emergency financial assistance to persons affected by emergencies.

726. Emergency financial assistance to victims of emergencies is coordinated by the Dept of Community Services.

727. The Rural Assistance Authority administers some assistance programs to farmers and small business.
PART 8

ANNEXES

A Distribution
B Definitions
C Abbreviations
D Map of the Riverina Emergency Management District
E Supporting Plans and Sub Plans
F Operational Control and Coordination Relationships
G Defence Assistance to the Civil Community
Electronic Mail will be the mechanism for distribution of the plan in PDF format to those nominated organisations and positions as listed below. Hard copies to be printed by recipients as required.

The Internet, at the following web address, is the medium used to disseminate the plan to emergency management agencies not listed below, and to the wider community.

ANNEX ‘B’ - DEFINITIONS

NOTE: The definitions used in this plan are sourced from the State Emergency and Rescue Management Act, 1989 (as amended), other New South Wales legislation, State level plans and The Macquarie Dictionary (Second Edition, 1991). Where possible, the reference source is identified as part of the definition (eg. the State Emergency and Rescue Management Act, 1989 (as amended), is identified as SERM Act).

Act means the State Emergency and Rescue Management Act, 1989 (as amended) (SERM Act).

Agency means a government agency or a non-government agency. (Source: SERM Act).

Agency Controller in this plan means the operational head of the agency, identified in this plan as the combat agency, who has command of the resources of the particular agency.

Casual Volunteer means a person who:

- assists an accredited rescue unit in carrying out a rescue operation with the consent of the person in charge of the rescue operation; or

- assists, on his or her own initiative, in a rescue operation or otherwise in response to an emergency in circumstances in which the assistance was reasonably given (Source: SERM Act).

Civil Defence means the performance of some or all of the 15 humanitarian tasks intended to protect the civilian population against the dangers and to help it recover from the immediate effects of hostilities, and also to provide the necessary conditions for its survival. (Source: Contained in Article 61 of Protocol 1(1977) additional to the 1949 Geneva Convention).

Clean-up Phase means that stage of a hazardous materials incident or emergency operation managed by the Clean-Up Controller, undertaken after the Combat Area has been declared safe with respect to public health and property by the Hazmat Controller, and involves clean-up and environmental stabilisation. (Source: State HAZMATPLAN).

Combat Agency means the agency identified in the State Disaster Plan as the agency primarily responsible for controlling the response to a particular emergency. (Source: SERM Act).

Combat Agency Managed Operation in this plan means an emergency operation controlled by the combat agency, with support coordinated either by the combat agency or by an Emergency Operations Controller.

Command in this plan means the direction of members and resources of an agency / organisation in the performance of the agency / organisation’s roles and tasks. Authority to command is established by legislation or by agreement with the agency / organisation. Command relates to agencies / organisations only, and operates vertically within the agency / organisation.

Community Relations Crisis incidents or emergencies affecting community relations as determined by the Chairperson of the Community Relations Commission in consultation with Community Leaders and Chief Executive Officers of the Community Relations Crisis Management Standing Committee, or as directed by the Premier.
Control
means the overall direction of activities, agencies or individuals concerned. (Source: SERM Act).
Control operates horizontally across all agencies / organisations, functions and individuals. Situations are controlled.

Coordination
means the bringing together of agencies and individuals to ensure effective emergency or rescue management, but does not include the control of agencies and individuals by direction. (Source: SERM Act).

Disaster
means an occurrence, whether or not due to natural causes, that causes loss of life, injury, distress or danger to persons, or loss of, or damage to, property. (Source: Community Welfare Act, 1987). In this plan, the term “disaster” is synonymous with the term “emergency”.

Displan
in this plan means State, District or Local Disaster Plan. The object of Displan is to ensure the coordinated preparation for, response to and recovery from emergencies by all agencies having responsibilities and functions in emergencies.

District
in this plan means the Riverina Emergency Management District, incorporating the local government areas of Bland, Carrathool, Coolamon, Griffith, Hay, Junee, Leeton, Lockhart, Murrumbidgee, Narrandera, Temora and Wagga Wagga.

District Emergency Management Committee (DEMC)
means the Committee, constituted under the SERM Act, which at District level is responsible for preparing plans in relation to the prevention of, preparation for, response to and recovery from emergencies in the District for which it is constituted. In the exercise of its functions, this committee is responsible to the State Emergency Management Committee. (Source: SERM Act).

District Emergency Management Officer (DEMO)
means the person, appointed under the Act, to act as principal executive officer to the DEMC and the DEOCON. (Source SERM Act).

District Emergency Operations Controller (DEOCON)
in this plan means the Region Commander of Police, appointed by the Commissioner of Police as the District Emergency Operations Controller for the Riverina Emergency Management District.

Emergency
means an emergency due to an actual or imminent occurrence (such as a fire, flood, storm, earthquake, explosion, terrorist act, accident, epidemic or warlike action) which:

a. endangers or threatens to endanger the safety or health of persons in the State; or
b. destroys or damages, or threatens to destroy or damage, any property in the State;

being an emergency which requires a significant and coordinated response. (Source: SERM Act).

For the purposes of definition of emergency, property in the State includes any part of the environment of the State. Accordingly, a reference in this plan to:

a. threats or danger to property includes a reference to threats or danger to the environment, and
b. the protection of property includes a reference to protection of the environment.

Emergency Area
means the area in which a state of emergency is declared to exist. (Source: SERM Act).
Emergency Officer
means the Director-General of the NSW State Emergency Service or a person appointed as an Emergency Officer under Section 15 of the State Emergency Service Act. A person may be appointed as an Emergency Officer even if not a member of the NSW State Emergency Service. (Source: State Emergency Service Act 1989 (as amended)).

Emergency Operations Centre (EOC)
in this plan means a centre established at State, District or Local level, as a centre of communication and as a centre for the control of operations and coordination of support during an emergency.

Emergency Risk Management
in this plan means the process approved by the State Emergency Management Committee and published in the NSW Implementation Guide for Emergency Management Committees

Emergency Services Officer
means a police officer, an officer of New South Wales Fire Brigades of or above the rank of station commander, an officer of the State Emergency Service of or above the rank of unit controller, or a divisional executive officer or the Director, Operations of that Service, a member of the Rural Fire Service of or above the position of deputy captain, or a District Emergency Management Officer. (Source: SERM Act)

Emergency Services Organisation
means the Police Service, Fire Brigades, Rural Fire Service, Ambulance Service, State Emergency Service, Volunteer Rescue Association or any other agency which manages or controls an accredited rescue unit. (Source: SERM Act).

Essential Services
for the purposes of the Essential Services Act, 1988, a service is an essential service if it consists of any of the following:
a. the production, supply or distribution of any form of energy, power or fuel or of energy, power or fuel resources;
b. the public transportation of persons or freight;
c. the provision of fire fighting services;
d. the provision of public health services (including hospital or medical services);
e. the provision of ambulance services;
f. the production, supply or distribution of pharmaceutical products;
g. the provision of garbage, sanitary cleaning or sewerage services;
h. the supply or distribution of water;
i. the conduct of a welfare institution;
j. the conduct of a prison;
k. a service declared to be an essential service under subsection (2);
l. a service comprising the supply of goods or services necessary for providing any service referred to in paragraphs (a) – (k).

Functional Area
means a category of services involved in the preparations for an emergency, including:
a. agriculture and animal services;
b. communication services;
c. energy and utilities;
d. engineering services;
e. environmental services;
f. health services;
g. public information services;
h. transport services; and
i. welfare services. (Source: SERM Act)

Functional Area Coordinator
in this plan means the nominated coordinator of a functional area, tasked to coordinate the provision of Functional Area support and resources for emergency response and recovery operations, who, by agreement of participating and supporting organisations within the functional area, has the
authority to commit the resources of those organisations.
Government Agency
means:
  a. a government department or administrative office as defined in the Public Sector Management Act 1988;
  b. a public authority, being a body (whether incorporated or not) established by or under an Act for a public purpose, other than:
     i. the Legislative Council or Legislative Assembly or a committee of either or both of those bodies; or
     ii. a court or other judicial tribunal;
  c. the Police Service;
  d. a local government council or other local authority; or
  e. a member or officer of an agency referred to in paragraphs (a) – (d) or any other person in the service of the Crown who has statutory functions, other than:
     i. the Governor, the Lieutenant-Governor or the Administrator of the State;
     ii. a Minister of the Crown;
     iii. a Member of the Legislative Council or Legislative Assembly or an officer of that Council or Assembly; or
     iv. a Judicial officer. (Source: SERM Act)

Hazard
in this plan means a situation or condition with potential for loss or harm to people, property or the environment and has the same meaning as “source of risk”.

Hazardous Material
means anything that, when produced, stored, moved, used or otherwise dealt with without adequate safeguards to prevent it from escaping, may cause injury or death or damage to property. [Source: Fire Brigades Act, 1989 (as amended)]

Hazardous Materials Incident
means an actual or impending land-based spillage or other escape of hazardous material that causes or threatens to cause injury or death or damage to property. [Source: Fire Brigades Act, 1989 (as amended)]

Incident
in this plan means a localised event, either accidental or deliberate, which may result in injury or death or damage to property which requires normal response from an agency or agencies. An incident becomes an emergency when the resources of the agency are insufficient to deal with the incident and outside resources are desirable or required. Those resources now require coordination.

Incident Control System (ICS)
means an operations management system using common language and procedures that allows agencies to retain their own command structure. The key principles are management by objectives and span of control using key functions of Control, Operations, Planning and Logistics.

Joint Media Information Centre
A location which would provide the media with:
  - a centralised point of contact
  - media liaison arrangements and the names of Media Liaison Officers
  - verification of information
  - timely, accurate and consistent information
  - Public Information contact arrangements

Liaison Officer (LO)
in this plan means a person, nominated or appointed by an organisation or functional area, to represent that organisation or functional area at a control centre, emergency operations centre or coordination centre. A liaison officer maintains communications with and conveys directions / requests to their organisation or functional area and provides advice on the status, capabilities, actions and requirements of their organisation or functional area. A liaison officer must have the authority to commit the resources of their organisation or functional area.
Local Area
in this plan means an area within the meaning of the Local Government Act 1993 and includes a combined local government area as referred to in Section 27 of the State Emergency and Rescue Management Act, 1989 (as amended).

Local Emergency Management Committee (LEMC)
means the Committee, constituted under the State Emergency and Rescue Management Act, 1989 (as amended), for each local government area, which is responsible for the preparation of plans in relation to the preparation for, response to and recovery from emergencies in the local government area (Local Displan), for which it is constituted. In the exercise of its functions, any such committee is responsible to the relevant District Emergency Management Committee. (Source: SERM Act).

Local Emergency Management Officer (LEMO)
in this plan means the person, appointed by Council under the Act to act as principal executive officer to the LEMC and the LEOCON for emergencies affecting that particular local area. The LEMO and the Chairperson of the LEMC need not be the same officer.

Local Emergency Operations Controller (LEOCON)
in this plan means a Police Officer appointed by the District Emergency Operations Controller as the Local Emergency Operations Controller for the relevant local government area.

Marshalling Area
in this plan means an area in which resources from outside the District may congregate prior to allocation of tasks.

Minister
in this plan means the Minister for Emergency Services, unless otherwise stated.

Mitigation
means measures taken in advance of, or after, a disaster aimed at decreasing or eliminating its impact on society and environment. (Source: COAG Review into Natural Disasters in Australia, August 2002).

Natural Disaster
a natural disaster is a serious disruption to a community or region caused by the impact of a naturally occurring rapid onset event that threatens or causes death, injury or damage to property or the environment and which requires significant and coordinated multi-agency and community response. Such serious disruption can be caused by any one, or a combination, of the following natural hazards: bushfire; earthquake; flood; storm; cyclone; storm surge; landslide; tsunami; meteorite strike; or tornado. (Source: COAG Review into Natural Disasters in Australia, August 2002).

Non Government Agency
means a voluntary agency or any other private individual or body, other than a government agency. (Source: SERM Act).

Participating Organisation
in this plan means the Government Departments, statutory authorities, volunteer organisations and other agencies who have either given formal notice to Agency Controllers, Functional Area Coordinators, or have acknowledged to the State, District or Local Emergency Management Committee, that they are willing to participate in emergency management response and recovery operations under the direction of the Controller of a combat agency, or Coordinator of a Functional Area, with the levels of resources or support as appropriate to the emergency operation.

Plan
in this plan means a step by step sequence for the conduct of a single or series of connected emergency operations to be carried out simultaneously or in succession. It is usually based upon stated assumptions, and is a promulgated record of a previously agreed set of roles, responsibilities, functions, actions and management arrangements. The designation “plan” is usually used in preparing for emergency operations well in advance. A plan may be put into effect at a prescribed time, or on signal, and then becomes the basis of the emergency operation order for
that emergency operation.

**Preparation**
in relation to an emergency includes arrangements or plans to deal with an emergency or the effects of an emergency. (Source: SERM Act).

**Prevention**
in relation to an emergency includes the identification of hazards, the assessment of threats to life and property and the taking of measures to reduce potential loss to life or property. (Source: SERM Act).

**Public Awareness**
The process of informing the community as to the nature of the hazard and actions needed to save lives and property prior to and in the event of disaster. (Source: COAG Review into Natural Disasters in Australia, August 2002).

**Recovery**
in relation to an emergency means the process of returning an affected community to its normal level of functioning after an emergency. (Source: SERM Act). This includes the welfare of affected persons as well as the physical reconstruction / restoration of the community.

**Relief**
the provision of immediate shelter, life support and human needs of persons affected by, or responding to, an emergency. It includes the establishment, management and provision of services to emergency relief or recovery centres. (Source: COAG Review into Natural Disasters in Australia, August 2002).

**Rescue**
means the safe removal of persons or domestic animals from actual or threatened danger of physical harm. (Source: SERM Act).

**Response**
in relation to an emergency means the process of combating an emergency and of providing immediate relief for persons affected by an emergency. (Source: SERM Act).

**Risk**
a concept used to describe the likelihood of harmful consequences arising from the interaction of hazards, communities and the environment. (Source: COAG Review into Natural Disasters in Australia, August 2002).

**Risk Assessment**
the process used to determine risk management priorities by evaluating and comparing the level of risk against predetermined standards, target risk levels or other criteria. (Source: COAG Review into Natural Disasters in Australia, August 2002).

**Risk Management**
the systematic application of management policies, procedures and practices to the tasks of identifying, analysing, evaluating, treating and monitoring risk. (Source: COAG Review into Natural Disaster in Australia, August 2002).

**Roads Authority**

**Senior Emergency Officer**
means any of the following: a police officer of or above the rank of sergeant or a police officer for the time being in charge of a police station, an officer of the New South Wales Fire Brigades of or above the rank of station Commander, an officer of the State Emergency Service of or above the rank of unit controller, or a divisional executive officer or the Director, Operations of that Service, a member of the Rural Fire Service of or above the position of deputy captain, a District Emergency Management Officer. (Source: State Emergency Service Act).
Site Control
In this plan means the location from which the Site Controller, agency commanders and functional areas coordinate the emergency. It usually includes the relevant Emergency Service Commanders and Functional Area Coordinators and other advisors as required.

Site Controller
In this plan means a Police Officer appointed by and subject to the direction of the emergency operations controller, to be responsible for determining the site, establishing site control and controlling the on ground response to the emergency. Until the emergency operations controller appoints a site controller, the senior police officer will assume control.

Source of Risk
In this plan means a situation or condition with potential for loss or harm to people, property or the environment and has the same meaning as “hazard”.

State Emergency Operations Controller (SEOCON)
means the person appointed by the Governor, on the recommendation of the Minister, responsible, in the event of an emergency which affects more than one District, for controlling the allocation of resources in response to the emergency. (Source: SERM Act).

State of Emergency
means a state of emergency declared by the Premier under Section 33(1) of the State Emergency and Rescue Management Act, 1989 (as amended).

NOTE: Other New South Wales legislation also provides for a declaration of an emergency which has different meanings and different authorities within that specific legislation - that is: Essential Services Act, 1988; Dam Safety Act, 1978; and Rural Fires Act, 1997 (as amended).

Sub Plan
In this plan means an action plan required for a specific hazard, facility, critical task or special event. It is prepared when the management arrangements necessary to deal with the effects of the hazard, facility, critical task or special event differ from the general coordination arrangements set out in the Displan or Supporting Plans for the area.

Supporting Organisation
In this plan means Government Departments, statutory authorities, volunteer organisations and other specialist agencies who have indicated a willingness to participate and provide specialist support resources to a combat agency controller or functional area coordinator during emergency operations.

Supporting Plan
In this plan means a plan prepared by an agency / organisation or functional area, which describes the support which is to be provided to the controlling or coordinating authority during emergency operations, together with how the functional area is to be coordinated in order to fulfil the roles and responsibilities allocated.

Terrorist Act
is an act or threat, intended to advance a political, ideological or religious cause by coercing or intimidating an Australian or foreign government or the public, by causing serious harm to people or property, creating a serious risk of health and safety to the public, disrupting trade, critical infrastructure or electronic systems. (Source: Criminal Code Act 1995 [Commonwealth]).

Welfare Centre
In this plan means any centre established to provide welfare services to victims of an emergency. It may be an Evacuation Centre, Disaster Relief / Recovery Centre, Welfare Assembly Centre, One-Stop Relief Centre or Accommodation Centre.
Victim
means a sufferer from any destructive, injurious or adverse action or agency. (Macquarie Dictionary – Second Edition). In this plan it means a person adversely affected by an emergency.

Vulnerability
the degree of susceptibility and resilience of the community and environment to hazards. (Source: COAG Review into Natural Disasters in Australia, August 2002).

Welfare Services
means the services provided to assist in the relief of personal hardship and distress to individuals, families and communities who are the victims of an emergency. (Source: Community Welfare Act 1987).

This applies when:

- Emergency Operations Controllers are designated in plans as controllers.
- There is no designated combat agency.
- Emergency Operations Controllers are requested by the combat agency to assume control, with the approval of the combat agency head and SEOCON.
ANNEX ‘G’ - DEFENCE ASSISTANCE TO THE CIVIL COMMUNITY

This is the provision of Australian Defence Force personnel, equipment, facilities or capabilities to perform emergency tasks which are primarily the responsibility of civil authorities or organisations, and for which the civilian community lacks the necessary equipment or resources.

ADF POLICY

State agencies are responsible for combating emergencies in the first instance. The ADF is available to support in areas which State authorities are unable to resource. Details of the emergency categories of DACC are as follows:

CATEGORY 1

This is immediate assistance by a local area ADF Service Commander where:

aImmediate action is necessary to save human life or alleviate suffering, or prevent extensive loss of animal life, or loss or damage to property;
bLocal resources are inadequate, not available or cannot be mobilised in time; and
cImmediate assistance can be provided from within the resources available.

This assistance normally should not exceed 24 hours.

Category 1 assistance requests are passed directly by the LEOCON or DEOCON to the ADF Service Commander in the particular Local Area, who has the authority to provide support if the resources are available. The DEOCON is to be informed whenever the LEOCON makes such a request.

OTHER CATEGORIES

There are two other categories of assistance, which apply to emergencies but where the immediate and local nature of Category 1 assistance does not apply.

These emergency assistance requests are to be passed through Local Emergency Operations Controllers to the District Emergency Operations Controller for referral to the State Emergency Operations Controller, who is authorised to request assistance from the Commonwealth through Emergency Management Australia (EMA).

GENERAL

Requests for ADF support are to be made to perform a specific task(s), NOT for specific resources.

ADF resources made available for operations remain under the command of Defence Force Commanders who are responsive to the Operations Controller to whom they are providing support.

The ADF provides deployed elements with administrative support.

ADF resources are made available for specific tasks, and their tasking is not to be changed except as arranged between the State Emergency Operations Controller and Emergency Management Australia (EMA).
